

ACCOMMODATION SERVICES

The students at our university have no problems regarding accommodation. Having a capacity of 2500 people and located in Ahmet Necdet Sezer Campus, Üniyurt Private Student Dormitories provides accommodation opportunities for our students in the campus. In pursuance of "Easement Agreement" signed between Afyon Kocatepe University and Private Üniyurt Higher Education Student (both for female and male) Dormitories, accommodation scholarship is provided for our successful students who need this scholarship.

There is a dormitory of the Credit and Dormitories Institution adjacent to the Ahmet Necdet Sezer Campus with a total capacity of 6000 students. Many private dormitories in the province of Afyonkarahisar also meet the accommodation needs of students. Moreover, there are private dormitories in the districts of Afyonkarahisar. Apart from the accommodation in the dormitories, students can easily find and rent homes in appropriate conditions.

CATERING

Economic and high quality food is served to the students and staff in our campuses; food scholarship is provided for our successful students who need this scholarship. Varying according to the seasons and the required calories and nutritional needs of the students, meals are prepared under hygienic conditions by a private company and under the supervision of food engineers.

As per the "Direction of Lunch Grant, Scholarship, and Accommodation Aid" numbered 2012/79, "Lunch Grant" is provided for 450 students every year with the decision of the Board.

HEALTH SERVICES

The first places where students of our university consult when they have any health problems are the nearest health centers. Also, the Medico-Social Centre operated in our university provides services for protecting the physical and mental health of both our students and staff.

CULTURAL FACILITIES

We organize various and numerous art, social, and cultural events throughout the year for our students to make the best use of their free time. In our university, we aim to educate qualified individuals. Therefore, we used conference halls and multi-purpose rooms (the Atatürk Congress Centre, the İbrahim Küçükkurt Conference Hall, and multi-purpose rooms in the academic departments). These rooms are well equipped to meet the requirements of any cultural and art events of students and academicians.

LIBRARY

The library and documentation services are indispensable sources for qualified scientific research at all levels of education. The Central Library provides services for students and academicians for the purpose of being a model information centre meeting the demands of information services at the highest level, offering services required in the Modern Era in its best way, and making a significant contribution to development of the university. It has group work rooms and individual study sections, and the books are organized by an open shelves system. With the sophisticated Library Automation System, its sources can be searched online. Moreover, the users can quickly benefit from the library services through the self-check (automatic borrow-return) machines. In the Central Library, we have over 162.000 printed publications, journals, and periodicals. In addition to these, there are also 31 Electronic Databases provided by TUBITAK-ULAKBİM. In the content of the databases, there are 4.418.704 e-books, 40.996 electronic journals, and 4.840.867 electronic dissertations. Our study hall at the library is open for 7 days/24 hours and it has the capacity of 84 people. In addition to adding new books, journals, and scientific documents within modern standards to the library, there is always an increase in the possibilities of lending sources and accessing online and using the information at the domestic and foreign libraries and the information centres.

SPORTS ACTIVITIES

Sports activities are organized in our university in order to contribute to students' physical, mental, and cognitive development and to provide opportunities for their socialization. All campuses have sports facilities offering students opportunities for doing sports, and young sportsmen can do sports in the university teams. The sports teams formed by our students represent us in inter-university competitions successfully in football, basketball, volleyball, handball, tennis, table tennis, badminton, wrestling, athletics, American football, and cross-country running teams. At the university, there are one semi-olympic swimming pool, two sports halls, one gymnastics hall, two fitness halls, two dance halls, one standard size football pitch, one indoor astro pitch, one indoor tennis court, two outdoor tennis courts, one beach volleyball pitch, one outdoor basketball pitch, one beach handball pitch, one synthetic grass pitch (football), one athletics track, one table tennis room, and two multi-purpose halls (fencing, archery, shooting, taekwondo, karate, judo, and massage halls).

STUDENT MOBILITY

We have agreements with 82 universities within the scope of Farabi Exchange Program, 176 universities in 38 different countries within the Erasmus Exchange Program, and 26 universities in 19 different countries within the Mevlana Exchange Program. Moreover, our university offers double majors in 46 departments and minors in 67 departments.

TRANSPORTATION

Transportation by car: Afyonkarahisar is 455 km. away from İstanbul (takes approximately 5.5 hours); 260 km. from Ankara (3 hours); 325 km. from İzmir (4 hours); 292 km. from Antalya (3 and a half hours); and 223 km. from Konya (3 hours).

Transportation by bus: (It is better for you if you make a reservation for a bus seat before travelling)

From İstanbul to Afyonkarahisar: It takes 6.5 hours.

From İzmir to Afyonkarahisar: It takes 4.5 hours.

From Ankara to Afyonkarahisar: It takes 3 hours.

From Antalya to Afyonkarahisar: It takes 4.5 hours.

From Konya to Afyonkarahisar: It takes 3 hours.

Transportation by plane: The International Zafer Airport is nearly 60 km away from Afyonkarahisar and there is shuttle from the airport to the city centre. You can travel to many destinations all over the world with a connecting flight to İstanbul.

AFYON KOCATEPE UNIVERSITY

Locally inspired, globally ambitious

A Student-Centred and Quality-Focused University

Afyon Kocatepe University endeavours to be one of the nation's distinguished comprehensive universities. Our university is committed to closely monitor the scientific and technological developments of the 21st century and to conduct quality research at the international level.

Our university aims to equip its students with world-class professional knowledge and skills through its faculties, graduate schools, schools, vocational schools, and research centres. It also strives to educate students as the individuals who are self-confident and respectful for human rights, environmental issues, and the national and moral values of the society. Moreover, they are expected to be aware of the domestic and global problems and also appreciate national and global interests. For quality education, our campuses have an up-to-date perspective to meet the social and cultural needs of our students and we design the campuses for them to live in modern conditions. All our academicians are supported with every possible opportunity to carry out their scientific studies freely.

As Afyon Kocatepe University, we claim to be among the good universities at regional, national, and international levels with the support of the academic members, the students, and the public of Afyonkarahisar as a whole. We have continued our efforts to contribute to the prosperous future of our country through the student-centered comprehensive education and the research studies at our university.

Prof. Dr. Mehmet KARAKAŞ
Rector

GRADUATE SCHOOLS

- NATURAL AND APPLIED SCIENCES
- HEALTH SCIENCES
- SOCIAL SCIENCES

FACULTIES

- FACULTY OF EDUCATION
- FACULTY OF SCIENCE AND LITERATURE
- FACULTY OF FINE ARTS
- FACULTY OF LAW
- FACULTY OF ECONOMICS AND ADMINISTRATIVE SCIENCES
- FACULTY OF ISLAMIC STUDIES
- FACULTY OF ENGINEERING
- FACULTY OF SPORT SCIENCES
- FACULTY OF TECHNOLOGY
- FACULTY OF TOURISM
- FACULTY OF VETERINARY MEDICINE

SCHOOLS

- BOLVADİN SCHOOL OF APPLIED SCIENCES
- STATE CONSERVATORY
- DİNAR SCHOOL OF APPLIED SCIENCES
- SANDIKLI SCHOOL OF APPLIED SCIENCES
- SCHOOL OF FOREIGN LANGUAGES

VOCATIONAL SCHOOLS

- AFYON VOCATIONAL SCHOOL
- VOCATIONAL SCHOOL OF DISTANCE EDUCATION
- TOTALLY 14 VOCATIONAL SCHOOLS IN BAŞMAKÇI / BAYAT / BOLVADİN / ÇAY / DAZKIRI / DİNAR / EMİRDAĞ / İSCEHİSAR / SANDIKLI / SİNANPAŞA /SULTANDAĞI / ŞUHUT DISTRICTS

CENTERS FOR RESEARCH AND APPLICATION

- Archaeological Research in Afyonkarahisar and Western Anatolia Region
- Ahmed Şemseddin Karahisari Art
- Principles of Atatürk and History of Turkish Revolution
- Laboratory Animals
- Earthquake
- Nature Protection and Biomonitoring
- Development of Future Research - Strategies
- Food Control
- Entrepreneurship and Career Development
- Solar and Wind Energy
- Folklore
- Livestock
- Islamic Economics and Finance
- Statistics, Operational Research and Actuarial
- Occupational Health and Safety
- Geothermal and Mineral Resources
- Women and Family Studies

- Lifelong Education
- Veterinary Health

LABORATORY FACILITIES

Our university gives special attention to practical training. There are totally 112 laboratories, 2 in the Faculty of Education, 24 in the Faculty of Science and Literature, 25 in the Faculty of Engineering, 29 in the Faculty of Technology, 18 in the Faculty of Veterinary Medicine, and 14 in the Afyon Vocational School. Together with the student laboratories, there are also some laboratories for the purpose of research and service:

- Lighting Laboratory
- Computer-Aided Drafting Laboratory
- Plant Physiology Laboratory
- Bioanalysis Laboratory
- Biology Laboratory
- Biomedical Calibration Laboratory
- Biomechanical Laboratory
- Biotechnology Laboratory
- Ore Preparation and Dressing Laboratory
- Natural Stone Laboratory
- Electric Laboratory
- Electric Machinery Laboratory
- Research Laboratory of Electron Collision
- Electronic Laboratory
- Electronic Materials Laboratory
- Industrial Automation Training and Research Laboratory
- Laboratory of Infectious Diseases
- Instrumental Analysis Laboratory
- General Biology Laboratory
- Food Analysis Laboratory
- Food Control Laboratory
- Food Application Laboratory
- Herbarium Laboratory
- Rapid Prototyping Laboratory
- Hydraulics and Pneumatics Laboratory
- Internal Combustion Engine Laboratory
- Land Management and Geographic Information Systems Laboratory
- Civil Engineering Laboratory
- Cartography Laboratory
- Rock Mechanics Laboratory
- Chemical Analysis and Synthesis Laboratory
- Chemical Technologies Laboratory
- Mining Laboratory
- Material Analysis Laboratory
- Material Analysis and Characterization Laboratory
- Mechanical Test Laboratory
- Mechatronics Laboratory
- Marble Analysis Laboratory
- Metallic Materials Laboratory
- Micro Processing Laboratory
- Microbiology Analysis Laboratory
- Mineralogy-Petrography Laboratory
- Sample Preparation Laboratory
- Automotive Electrical/Electronics Laboratory
- Automotive Application Laboratory
- Measurement Technique and Geodesy Laboratory
- PLC-Microcontroller Laboratory
- Polymer Composite Material Laboratory
- Ceramics Laboratory
- Water and Wastewater Analysis Laboratory
- Machine Tools Laboratory
- Basic Operations Laboratory
- Laboratory of Medical Genetics
- Remote Sensing Laboratory
- Fuel Analysis Laboratory
- Fuel and Oil Analysis Laboratory
- Renewable Energy Systems Laboratory
- High Tension Laboratory
- High-Technology Ceramics Laboratory
- Surface Analysis Laboratory

INTERNATIONAL RELATIONS

Our university carries out Erasmus+ and Mevlana Exchange programs successfully in the context of international relations. Within the scope of Erasmus+ program, bilateral agreements have been signed with almost all of the European Union member countries for student and staff exchange. Within the scope of Mevlana Exchange program, agreements have been signed with a great number of universities from a variety of countries. These are especially Central Asian countries, Pakistan, Jordan, Lebanon, Japan, and so on. Under these agreements, our students have the opportunity to have education for one semester or two semesters at the partner universities. Our university has become a member of two different Internship Consortiums in 2015. Through these consortiums, we have been sending several students for internship to different European Countries since 2016.

Moreover, our university has welcomed great number foreign students since 2012-2013 academic years. In this scope, 200 students have come from 30 countries to our university. Today, this number is about 700, and the number of the foreign students studying in our university increases every year.
